**Repro Products, Inc. Earns Autodesk Government Specialization**

**Repro Products' Consulting Services for Government Industries  
Meets Autodesk's High Standards**

**SMYRNA, GA, May 24, 2016** – Repro Products, Inc., an Autodesk® Gold Partner headquartered in Smyrna, GA, today announced that it has earned the Government Specialization designation for Value-Added Resellers from Autodesk, Inc., a world leader in 3D design, engineering and entertainment software. As an Autodesk Government Specialized Partner, Repro Products has shown it has made a significant investment in their people, has a solid consulting business plan and referenceable customers, and offers a high level of knowledge and support to customers in the Government space.

The Autodesk Government Specialization enables Repro Products to highlight and brand its expertise in delivering services to Government entities. By meeting the required levels of product knowledge, experience and customer support set by Autodesk, Repro Products demonstrates what it means to be a trusted adviser to Autodesk Government customers.

Bob Feldberg, President of Repro Products, Inc., said: “We are pleased to be recognized by Autodesk with the Government Specialization designation as additional validation of our expertise and capabilities in providing our customers the best solutions to their design challenges. Our consulting services and flexibility to tailor solutions to meet each client's individual needs reinforce Repro Products as the Autodesk reseller of choice for discerning customers nationwide.”

### **About Repro Products, Inc.**

Repro Products, Inc., established in 1979, specializes in CAD software, imaging solutions and 3D laser scanning services. As an Authorized Autodesk Value-Added Reseller, the Repro Products' Software & 3D Imaging Division utilizes our depth of experience to provide expert guidance on Autodesk products from the assessment of client software needs, through the sale of the software to implementation, training and support. As an Autodesk Gold Partner, Repro Products has technical expertise in specific industries and solutions, including Architecture, Building, Government and Infrastructure. Repro Products provides support, training, implementation, and consulting services.
