AutoCAD® Architecture Fundamentals

Share Ideas with Ease

Automate Tedious Tasks

Increase Design Productivity

Reduce Errors

Objective: Formerly known as "AutoCAD ADT", AutoCAD® Architecture is "AutoCAD® optimized for architecture." In addition to all the standard AutoCAD® tools, it offers a host of features to greatly increase the speed and efficiency of architectural drawings. Work from first concept (conceptual design or mass model) all the way through to design development, working drawings, and facility maintenance.

Course Length: 3 days (24 hours)

Day 1
- Introduction to AutoCAD® Architecture
- Basic Wall Construction
- Creating Wall Openings
- Structural Design

Day 2
- Vertical Circulation
- Floors
- Roofs
- Fixtures, Furninshings & Equipment

Day 3
- Building Model Views
- Annotation
- Scheduling
- Creating Details

- Lunch is included.
- Class is from 8:30 a.m. to 5:00 p.m.
- After completion of an entire class, students may audit the same class for one year, if space is available in the class.
- The entire class is purchased at one time, but individual days may be attended sequentially over several months.

Advantages to Training at Repro Products' Autodesk® Authorized Training Center:

- Learn from our Autodesk Certified instructors at our superior facilities.
- Receive Autodesk® recommended content from Autodesk® Official Training Guides.
- Get your hands on sample projects and exercises that emphasize real-world application.

Prerequisites: A working knowledge of basic design/drafting procedures and terminology as well as Microsoft Windows 7.

Cost: $325 per day plus a $100 fee for a manual which must be purchased for enrollment.

Continuing Education Units
Ask Repro Products about earning credits for mandatory Continuing Education classes (including the American Institute of Architects - AIA) and other professional development programs.
