

Getting started with BIM 360 Team

This guide will help you set up and start using your trial or new subscription to BIM 360 Team, the cloud collaboration tool that enables architects, engineers and their project stakeholders to work efficiently together in one central workspace. With BIM 360 Team you can view, share and review 100+ 2D and 3D file formats from any device, track version history and extend BIM to the entire team.

01

Submit your email address to sign up for BIM 360 Team account at <https://team.bim360.com>

If you already have BIM 360 Team account, you can Sign In at the same web address above.

The image shows two overlapping screenshots from the BIM 360 Team website. The left screenshot is the 'BIM 360 Team Sign Up' page, featuring a 'B' logo, a text input field for 'Enter your email address', a 'Submit' button, and a note: 'We'll send an email to this address for verification.' The right screenshot is the 'Account Activation' page, featuring a 'B' logo, a 'Whoosh!' graphic, a message: 'We just sent you an invite. We just sent you an invitation to the email that you provided. Click the link to access BIM 360.', and a 'Resend my invitation' link.

02

Click the link in your email invitation to access BIM 360 Team.

The image shows a screenshot of an email invitation verification page. It has a dark header with the 'B' logo and 'AUTODESK® BIM 360™ TEAM'. The main content area says: 'We just need to verify your email address before you can use BIM 360 Team.' Below this is a blue button labeled 'Verify your email'. At the bottom, it says 'Thanks! The BIM 360 Product Team'.

Sign up or sign in.

The image shows two overlapping screenshots. The left screenshot is the 'Sign Up' form, featuring a 'B' logo, a 'Sign Up' title, a 'Sign In' link, and fields for 'First name', 'Last name', 'Email address', 'Password', and 'Confirm Password'. It also includes checkboxes for 'I agree to the A360 Terms of Service and the Autodesk Privacy Statement' and 'I would like to receive email communications from Autodesk, including information about new products and special promotions'. The right screenshot is the 'Welcome screen', featuring a 'B' logo, 'BIM 360 Team', and the text: 'Welcome to BIM 360 Team. View, share and review all your project files in one centralized location.'

03

Create Your New Project using tools in BIM 360 Team.

The image shows a screenshot of the 'Create Your New Project' form. It has a title 'Create Your New Project' and several sections: 'Project Name(required)' with a text input field containing 'Small Medical Center' and a character count 'You have 40 characters left'; 'Project Purpose(optional)' with a text input field containing 'Small Medical Center' and a character count 'You have 100 characters left'; and 'Choose a Project Avatar(required)' with a grid of image thumbnails and an 'Upload Your Own' button. At the bottom are 'Cancel' and 'Create Project' buttons.

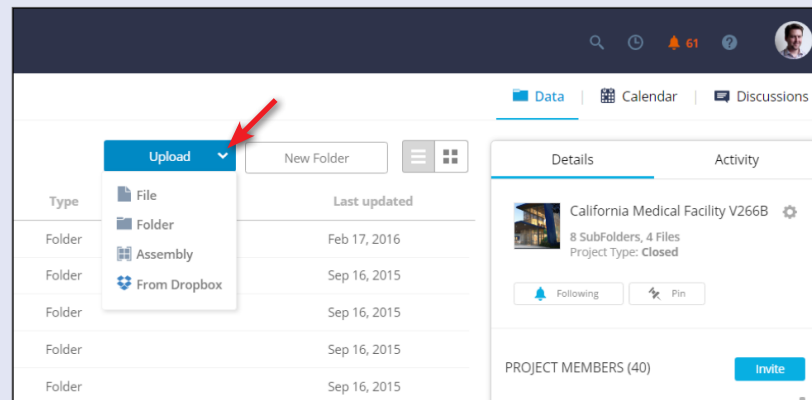

Note:

Default project type is "Closed". The Project Administrator can edit type settings in the Details section of the project.

04

05

Upload project information and design data including AutoCAD drawings, Revit models, and over 65 other design file formats.

Invite team members.

a) Invite team members from BIM 360 Team. Open the project. Click **Invite**.

b) Enter the email addresses of the people you want to invite and click **Send Invitations**.

You will be notified when a person joins the project.

c) The role of project team members determines their project access level. The person who creates the project is the default Project Administrator. Everyone in a project is a project member.
